

				Included in:	
Feature	Feature Description	How to Use with CDV	Why Use Feature?	CDP Price	CDV Price
<b>Anonymous Call Rejection</b>	Anonymous Call Rejection announces to callers who block the display of their name and number that you are not accepting blocked calls and instructs them to unblock their information and dial you again	*77 to activate, *87 to cancel	Protect Your Privacy	\$2.95	YES - FREE
<b>Blocked Calls</b>	Comcast CDV is automatically set to block all 900/976/700/500. The blocks can not be removed.  To block collect calls and third party billing, customers must dial customer service	Call Customer Service	Call Restrictions	Upon Req.	YES – Not opt'l.
<b>Call Forwarding Selective</b>	Call Forwarding Selective forwards only the calls you don't want to miss by allowing you to create a list of people whose calls will be forwarded to a number you designate. When you activate this feature, only calls from those individuals on your list will be forwarded.	*63 to activate, *83 to cancel	Never Miss a Call	\$3.95	YES – FREE
<b>Call Forwarding Variable</b>	Call Forwarding Variable allows you to forward all your incoming calls to another number when you're away from home.	*72 to activate, *73 to cancel	Never Miss a Call	\$3.95	YES – FREE
<b>Call Return</b>	Call return tells you the number of your last incoming call and lets you automatically call the person back. Call Return does not work if the caller has Caller ID blocked. If when trying to call the number back the line is busy, Call Return will attempt to reach the party for 30 minutes.	*69 - press 1 to call back. *89 to cancel	Save Time	\$3.95	YES – FREE
<b>Call Screening</b>	When you don't want to be interrupted by certain callers, Call Screening allows you to create a list of up to 12 numbers that will receive an announcement indicating you re not presently accepting calls.	*60 to activate, *80 to cancel	Protect Your Privacy	\$3.95	YES – FREE
<b>Call Trace</b>	Call Trace ensures that the number of your last incoming caller is traced so that appropriate action may be taken against the harassing party	*57 to activate	Protect Your Privacy	Yes	YES – FREE
<b>Call Waiting</b>	Call Waiting enables you to take a second call without disconnecting the first. When you're on the phone, a Call Waiting tone alerts you when you have another incoming call. You can simply put the first caller on hold and answer the second call. If you're on an important call and do not wish to answer the incoming call, you can simply continue talking.	When you hear the Call Waiting tone, simply press and release the switch hook or flash button. *70 to deactivate for current call.	Never Miss a Call	1 <sup>st</sup> line free; each addt'l \$3.95	YES – FREE
<b>Caller ID</b>	Caller ID appears on customer equipment that is set up to receive calling party's name and telephone number.		Additional Services	\$3.95	YES – FREE
<b>Caller ID Blocking Per Call</b>	Caller ID Blocking Per Call is designed to ensure that your name and number are marked "Private" or "Anonymous" each time you activate this feature before placing a call.	*67 to activate	Protect Your Privacy	Yes	YES – FREE
<b>Caller ID Blocking Per Line</b>	Caller ID Blocking Per Line is designed to ensure that your name and number are marked "Private" or "Anonymous" on every call you make from your home. Often times, individuals reject incoming calls that are marked as "Private" or "Anonymous." You can temporarily cancel Caller ID Blocking Per Line so that you can call these individuals. Caller ID Blocking Per Line will automatically be restored for the next call.	*82	Protect Your Privacy	Yes	YES – FREE
